PROBLEM STATEMENT

- **Heading:** Bridging the Accessibility Gap
- **Tagline:** "Empowering Inclusivity, Enabling Accessibility"
- **Content:**
 - **Limited Access for Disabled Individuals:**
 - Many healthcare services are not easily accessible for individuals with disabilities, including physical, visual, or hearing impairments.
 - Traditional healthcare settings may lack accommodations and resources to cater to the diverse needs of disabled patients.
 - **Challenges Faced by Those Unable to Travel:**
 - Individuals who are unable to travel due to health conditions, geographical constraints, or lack of transportation face significant barriers in accessing healthcare services.
 - Remote or rural areas often lack adequate healthcare facilities, forcing patients to travel long distances for essential medical care.
